

# CROPPING SYSTEMS CONFERENCE

Making the Transition

January 7-8, 2020 | Kennewick, WA

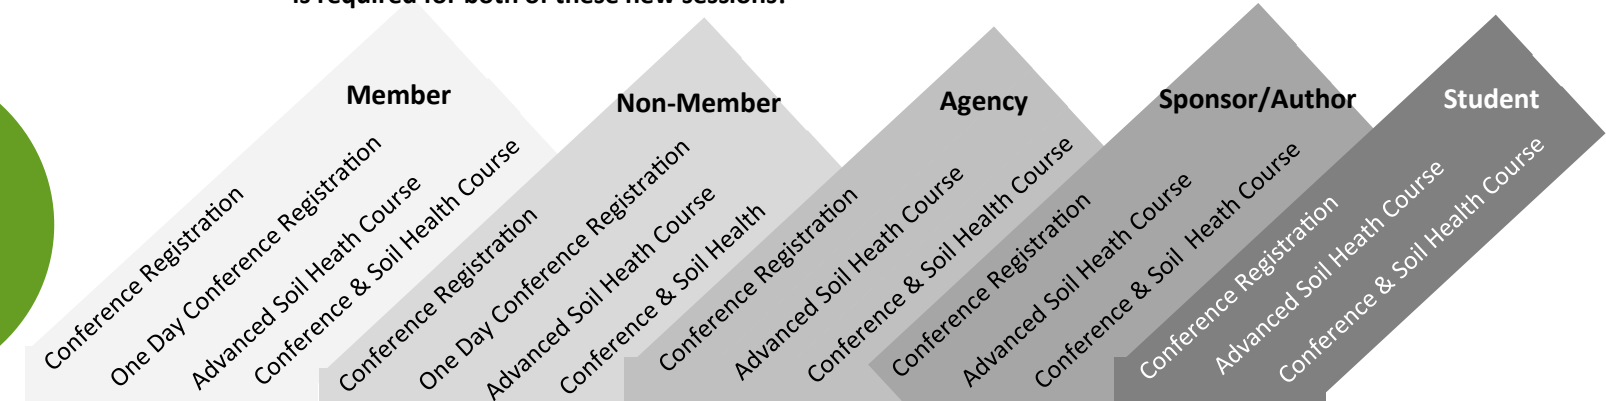

The 2020 Cropping Systems Conference is a high quality conference bringing growers, researchers, agencies and agribusiness together to advance direct seed cropping systems. The event features presentations, research posters and a trade show highlighting vital industry participants.

New this year, **How to Make the Transition to Direct Seed Session on Monday January 6th** and the **Advanced Soil Health Course on Thursday January 9th**. The How to Make the Transition to Direct Seed session will feature a panel of experienced direct seeders and the Advanced Soil Health course will feature Joel Williams. **Pre-Registration is required for both of these new sessions!**

Our sessions will include topics such as: Cover Crops, Precision Ag, Soil Health, Ag Business, Consumer Trends. Speakers include Dale Strickler, Dr. David Killilea, Douglas Poole and Mike Nester.

**Register today!**

Save over 25% on our Early-Bird Registration!
