

Membership Program

Funding for PNDSA comes from our partners and members. Your membership provides a long-term commitment and vital monetary support for PNDSA, a non-profit with the mission to provide Pacific Northwest farmers with information exchange, advocacy on conservation policy issues, and research coordination that supports the adoption of environmentally sustainable and economically viable direct seed cropping systems.

PNDSA is involved in many projects and partnerships throughout the PNW:

Farmed Smart certification & market development

Direct Seed demonstrations & tours

Direct Seed breakfast meetings

Direct Seed mentoring projects

Representation on conservation policy and agriculture advisory committees

Direct Seed research, awareness, and outreach

Your membership supports these activities:

- Deliver the annual direct seed cropping systems conference
- Provides peer support for growers developing their direct seed cropping systems
- Provides input to research throughout the Pacific Northwest
- Is your source for information and research on direct seed programs and systems
- Provides representation to government on policy and programs that effect the environment and direct seed growers
- Promotion of direct seed benefits to landowners, ag industry, and general public through outreach and education
