

## Do you have research that is relevant to our industry?

The PNDSA is in the process of planning their 2024 Cropping Systems Conference, January 9-10<sup>th</sup> in Kennewick WA.

We are extending an invitation for you to share research, education and outreach related to the Direct Seed and Soil Health practices by calling for research and industry to submit potential presentations for the Cropping Systems Program.

Due to the time it takes to plan our meeting program, the due date for presentations will be July 3<sup>rd</sup>, 2023. Submissions will be reviewed by the Cropping Systems Planning Committee. If your research presentation is chosen you will be contacted by July 30, 2023.
